

SELECTION - THE CHOSEN ONES

THE CHOSEN ONES - SELECTION

1. GROUND CONTROL

Are you around 25 years old and you have 3 to 5 years work experience? Good! Are you ready to embark on a quantic journey? Great! You will first need to answer a few questions.

2. ARE YOU IN?

Our Quantum Oracle is loading the first data you sent us. We will know soon if your answers reveal the qualities of a time traveller: creativity, logic and determination. We will shortly come back with a Yes or No.

3. ENGLISH & BRAIN

You Are In. Ready for more? Good English and strong logic are both relevant when time travelling, so we need to test yours.

4. NEXT LEVEL

Oh joy! The tests results are in. The Quantum Oracle admits you to the next level!

5. THE YOU

You're getting closer to the final 25. Now we want to know you even better, find out more about your past, present and future. What your dreams, hopes and plans are and what is your future vision for the company. You will have only 15 minutes to do this.

Harnessing the true power of the time-space continuum requires a strong personality, so we'll test yours.

6. GREEN LIGHT

This is where the Quantic Navigators take their time and really think about your presentation, evaluate it and give you the green light. Fingers crossed!

7. THE WE

In this stage we'll test your capacity to work in a team. The best 25 who lead by example in this group exercise will enter the Future 25. You will be part of a small team, have a fixed time available for the exercise and get evaluated spot on.

8. THE 25

The Future 25 is now officially assembled. If you did great, you will be among them. Are you ready to go where no team has gone before and embark on a unique journey, to bend time and space?

THE JOURNEY - LEARNING PROGRAM

THE JOURNEY - LEARNING PROGRAM

1. TIME MACHINE BOOT CAMP

This is the moment you have been waiting for. If you are one of the lucky 25, participate in a Boot Camp where you will meet the whole crew. Together you will start writing one of the company's alternative futures through the Time Machine. You will also meet veteran time travellers and learn about navigating wormholes to the future, relativity and e-commerce hyperspace!

2. THE ELDERS

Along the journey there will be many moments of peril and doubt. You will need the support of the Elders: Quantic Navigators [Senior Managers] and Chrono Buddies [ex-Future 25 participants]. Choose them wisely, learn all you can.

3. NAVIGATION WORKSHOPS

Navigating a Time Machine is no easy-peasy. You will need to learn the technical ins and outs of Project Management, Process Improvement and Business Analysis. You will also learn to master the dark-matter arts of finance and enhance your presentation skills.

4. WORMHOLE RIDING

Can you take more? Of course you can! You're a 25er. And more we shall give. You will learn the secret art of wormhole riding in our carefully designed and handpicked online courses.

Disclaimer: you might have future visions after a high dosage.

5. FIRESIDE GATHERINGS

Take your time to enjoy a good talk by the fireplace with your fellow time travellers. A metaphorical fireplace of course, it's all about the fire in your eyes when passion bursts. Future 25 is all about continuous learning and socializing. The training for your future will include: Creative Breakfasts, Learning Evenings and Movie Nights.

6. THE TEAM MACHINE

It's time we test your capacity to work in a team. You will be part of a small team, have a fixed time available for the exercise and get evaluated on the spot.

7. THE ARENA

The Arena is the first big test of your progress through the Future 25 experience. You will form teams and present real business solutions in front of company leaders. The Time Machine is up and running but be warned! All 25ers enter the Arena, not all reach the exit. Make sure you stick close to your Chrono Buddy. He or she will have some major tips for you.

8. ANOTHER DIMENSION

We are on the edge of discovering the beauty of alternative futures, dimensions and multiverses. Now a new portal opens. The Time Machine is ready. Are you?

9. SPEEDLIGHT PLUGIN

When traveling through time you need to be really fast. The Fast Track MBA from the Maastricht School of Management is like a brain plugin for learning business. From Financial Intelligence and Financial Strategy to Situational Leadership, Critical Thinking, Marketing Essentials, Managing Growth through Innovation and Leading People & Organizations. The 25ers who will attend this will deep dive into what makes and breaks success in business.

10. MORE FIRESIDE GATHERINGS

The second year in the program will not be short of socializing either. You will enjoy some more learning evenings alongside the other time travellers to help you get a better grasp of the knowledge you gather from the MBA classes.

11. THE ULTIMATE ARENA

It's the final countdown: The Ultimate Arena. One more step and you are ready to enter an alternative future for the company and for you. Only the brightest and the most determined, the ones who truly prove they want to travel into the future will pass this final test.

This will be your chance to prove your evolution compared to the first Arena.
